Here is the best summary I have on EXPLO from October to the current situation.

Hopefully this helps with briefings and ongoing efforts by the FFEO.

Thanks

Paige,

Reggie and Charlotte asked me to contact you about some additional info for internal HQ briefings on EXPLO. We are briefing Mathy on Thursday and they wanted a copy of the Governor letter requesting DOD support and DOD's response letter. If you have an electronic copy, please send it to me.

By the way, we are borrowing the information from your congressional briefing.
Thanks.
